making places

home
Making places home Home is our personal retreat, the private space where we share special time with family and friends.

It is a reflection of our lifestyle, our attitudes and the things that mean the most to us. As our lives and tastes change, our home evolves with us – always in synch with our current needs.

USM Modular Furniture is designed to accompany us through different phases of life. It adjusts to new demands, ready to take up different functions in our home – a constant in our ever-shifting lives. On the following pages we present the diverse world of USM: from minimal to eclectic, from functional to decorative. Always modular and adjustable. Furniture for a lifetime made with great care in Switzerland.
Living room

It is simply about living your ideas, your style.

Make your home personal. Clear lines, versatile modularity; USM Haller lets you decide. Unobtrusive but essential, it adapts to your lifestyle, your changing needs, your personal taste. An enduring companion.

Sharing time together with family and friends is priceless.

It is often little things that make life richer. Spending time with loved ones, eating, talking, laughing together. All it takes is a large table to gather around. Pure and simple in design, the USM Haller Table allows you to dine in style.

Worldwide services
USM provides trained specialists in furniture configuration, delivery and installation to ensure professional customer support. For USM assembly and repair, contact us directly or one of our 400 authorised sales partners in 40 countries, guaranteeing top-quality service around the world. Our modular system embodies dependability, and our customer service guarantees that you will receive quick, personalised answers to your questions. For customized advice, do not hesitate to visit our showrooms. USM has established a prominent reputation and international presence with flagship stores in Bern, Berlin, Hamburg, London, Munich, New York, Paris and Tokyo that showcase local culture and offer technical support.

Made in Switzerland
Founded in 1885, USM is a family business now in its fourth generation. «Made in Switzerland» to us is both a promise and an obligation. It stands for precision, quality, dependability, first-rate materials, careful workmanship and total commitment – on behalf of customer interest and out of respect for the environment.

Sustainable concepts and actions
Developing solutions that respond to changing needs while remaining environmentally conscious has always been a USM philosophy. Since the beginning, and throughout USM’s development, handling energy, emissions, materials and production methods in a responsible manner has been a key mission. In this regard, the longevity of USM products is of utmost importance. The longer the product can be used, the less impact it has on the environment. High-quality, durable materials, manufactured with the latest environmentally friendly technologies, guarantees a long, useful life for our product.

Form follows you
Unlike many static design classics, celebrating individuality by adapting design and function to its user. For more than 50 years, flexibility, durability and consequently sustainability are core values of the USM brand. USM Modular Furniture is designed to be reconfigured – at any time.

Illustration: USM Haller in D: 500 mm. All measurements in mm.* Acoustic version available.
A modular structure of your design, either completely or partially equipped with e-Balls and e-Tubes, is connected to a source of electricity. The structure itself conducts the low voltage electricity to the desired location using the e-Balls, e-Connectors and e-Tubes to form a circuit. USB chargers or light sources can be snapped into place in pre-cut recesses. The power supply is drawn from any point near the ground. The power supply cable is attached to a Haller e-Ball, and the power adapter is subsequently tucked underneath the furniture until only the operating switch remains visible. From this point the power supply requires no further cables but rather is integrated into the structure of the furniture.

1. Glass Panel
   Glass elements can be illuminated throughout.

2. Without Metal Paneling
   Compartments without metal paneling can be completely illuminated.

3. With Metal Paneling
   Compartments with metal paneling can be illuminated from the front.

4. Compartment with an Extension Shell
   The entire compartment with an extension shell can be illuminated.

5. Drop-Down and Extension Door
   Via the “Light When Compartment Is Open” function, the light automatically turns on when the door is opened.

6. Angled Shelf
   The presentation space is illuminated from the front.

7. Floor Lighting
   With floor lighting, the light shines at a 25-degree angle under the furniture.

8. Ambient Lighting
   The light is directed vertically towards the back, illuminating the surroundings with a warm glow.

9. e-USB Charger
   It can be integrated in the same places as the e-Lights.

10. e-Lights
    Dimmable, available in:
    - Warm white 2700 Kelvin
    - Cold white 5700 Kelvin
    Both with or without the “light at compartment opening” function.

11. e-Dummy
    Sleek, black e-Dummy element close recesses that are still unutilised. If a piece of furniture should later be supplemented with additional light, using e-Tubes (consuming), which are first equipped with e-Dummy elements, is recommended.

12. e-Tube (power outlet)
    Tubes with recesses for e-Lights, e-USB chargers or e-Dummy elements that can be easily snapped into place or replaced.

13. e-Tube (conductive)
    The conductive e-Tube serves to conduct the electricity if no inserts are desired in this location. It is available in lengths of 750, 500, 395, 350, 250 and 175 mm.

14. e-Ball, e-Connector
    To enable the flow of electricity, the ball and connector were refined. The exterior dimensions remain unchanged. The distinguishing feature of the ball is the black insulation ring.

15. e-Power Supply
    Includes dimmer at the operating switch. Transforms the power supply voltage to 24 volts. (Capacity: 60 W)

**Working desk**
- Optional cable basket underneath the tabletop
- Removable adaptation points for accessories

**Occasional table**
- Integrated cable tray accessible from above by sliding back the tabletop
- Removable adaptation points for accessories

**Accessories for all USM Haller Desks**

1. Grommet hatch for network access
   - Hatch for a single power outlet, flush-mounted in tabletop. This unit can be mounted in two different positions on the tabletop. Please specify which position you want when ordering.

2. Cable management
   - For the Advanced table type, a cable tray integrated under the tabletop offers storage room and attachment options for all cables and technical components. For the USM Haller Plus, a cable wire basket can be attached.

3. CPU holder
   - Computers in various sizes can be mounted using a simple holding device under the table.

4. Link chain
   - Holds and directs cables to the power source. Flexible and adjustable to various lengths.

5. Flat screen support arm
   - Screens are mounted onto the support arm (VESA standard). Swivel type with a spherical joint for the screen. Mounting at different heights is possible for screens weighing up to 12 kg.

6. Flat screen pivot arm
   - Screens are screwed to the height adjustable pivot arm using a mounting plate (VESA standard). Continuous height adjustment for screens weighing up to 12 kg.

7. Front and side panel
   - Can be attached under the table to the long side or laterally. For tables with lengths: 2000, 1750, 1500, 1250 and depths: 1000, 750.

8. Pivoting pen holder
   - Provides room for writing instruments and can be discreetly stored under the tabletop.

9. USM Privacy Panels
   - Can be attached to the long side to ensure individuality and privacy for people working at tables configured as a cluster. H: 350 or H: 700. For tables with lengths: 3000, 2000, 1750, 1500.

10. Handle
    - With slip clutch for synchronous height-adjustment (optional).

**Accessories for USM Haller Desk Plus / Advanced**

11. Flat screen support bar
    - The support bar is inserted into the adaptation points. Up to two screens (max. 2 x 12 kg) can be attached using a mounting plate (VESA standard). Screens can be mounted at different heights; screens can be adjusted with ball joints. Continuously height adjustable for screens weighing up to 12 kg.

11a. Flat screen support bar fix
    - Move forwards or backwards two notches at a time to adjust the viewing distance.

12. USB adapter
    - The adapter is suitable for USB 2.0 and 3.0 ports. It can easily be inserted into the adaptation point. Usable as power supply or for data transfer.

13. Lamp peg
    - An optional lamp peg for easy attachment of selected table lamps. Electrification is possible through the adaptation point.

---

* Manual height adjustment with a removable handle.
** Note: These sizes are not yet included in the standard range.

All measurements in mm.
USM Kitos M and E Desk

Each desk (except free-standing) of the USM Kitos M and E family offers integrated smart solutions for electrification.

Why USM Kitos M? The “M” in its name stands for mechanical spring-loaded height adjustment; adjustment time approx. 1 second with zero energy consumption. This system is more than 10 times faster than the electronic equivalent and has an extremely long operating life.

Why USM Kitos E? Maximum functionality and captivating design – USM Kitos E unites all requirements in one modern workplace: continuous height adjustability and maximum stability. A distinction is made between fixed and motor-driven legs in the E1, E2 and E3 models.

Basic desk
- Integrated cable tray underneath the tabletop

Sliding tabletop
- Integrated cable tray accessible from above by sliding back the tabletop
- Adaptation points for accessories

Extra size
- Integrated cable tray underneath the tabletop and accessible from all sides

Side table
- Adaptation points with a tube traverse.

Accessories for all USM Kitos M and E Desks

1. Grommet hatch for network access
   - Hatch for a single power outlet, flush-mounted in tabletop. This unit can be mounted in two different positions on the tabletop.
   - E1: H: 740 With or without middle traverse
   - E2 with 1 motor: H: 700 – 1200 Adjustment time approx. 30 sec. With middle traverse
   - E3 with 2 motors: H: 650 – 1300 Adjustment time approx. 20 sec. With middle traverse

2. CPU holder
   - The CPU holder allows computers of various sizes to be mounted either under the tabletop facing outwards or on the middle traverse facing outwards or inwards as desired.

3. Link chain
   - Holds and directs cables to the power source.

4. USM Privacy Panels
   - Can be attached to the long side to ensure individuality and privacy for people working at tables configured as a cluster.
   - H: 350 or 700. For tables with lengths: 2500, 2250, 1800, 1750, 1600.

5. Flat screen pivot arm
   - Screens are screwed to the height adjustable pivot arm using a mounting plate (VESA standard).
   - Available for USM Kitos M and E tables: the pivot arm is mounted onto the tabletop using the universal support.
   - Available for USM Kitos M and E Plus: The pivot arm can be inserted into one of the adaptation points with a tube set. Continuous height adjustment for screens weighing up to 12 kg.

6. Front panel
   - Can be attached under the table to the long side or laterally. For tables with lengths: 1800, 1750, 1600.

7. Material tray
   - Provides room for writing instruments and can be discreetly stowed under the tabletop.

8. Flat screen support arm
   - Available for USM Kitos M Meeting / E Meeting
   - Support arm are mounted onto the support arm (VESA standard) which can be connected directly to one of the adaptation points. Swivel type with a spherical joint for the screen.
   - Mounting at different heights is possible for screens weighing up to 12 kg.

9. Flat screen support bar
   - The bracket is inserted into the adaptation points. Up to two screens (max. 2 × 12 kg) can be attached using a mounting plate (VESA standard). Screens can be mounted at different heights; screens can be adjusted with ball joints.

Options:
- Flat screen support bar fix
- Flat screen support bar adjustable
- Move forwards or backwards two notches at a time to adjust the viewing distance.

10. USB adapter
    - The adapter is suitable for USB 2.0 and 3.0 ports.
    - It can easily be inserted into the adaptation point. Usable as power supply or for data transfer.

11. Lamp peg
    - An optional lamp peg for easy attachment of selected table lamps. Electrification is possible through the adaptation point.

All measurements in mm.

The table can also be provided with an optional middle traverse, for extra legroom. (This is not possible with the USM Kitos E / M Meeting.)

Available with or without middle traverse.  
Available is a GS-Mark tested version with 3mm table edge radius and the asymmetrical middle traverse.

All measurements in mm.
Accessories

1. Metal, magnetic bookend
   Available in light gray and graphite black.

2. Material tray
   Provides room for writing instruments and can be discreetly stowed under the tabletop.

3. USM Inos internal organisation
   Plastic box in metal frame: Perfect for keeping small bits and pieces organized – be it in your home office or anywhere else in your house.

4. USM Inos C4 box set
   Thanks to its dimensions, the Inos box set fits into any piece of USM furniture. Available in light grey and graphite black.

5. USM Inos Box
   The new USM Inos Boxes organise, store and protect both your treasures and everyday paraphernalia of life. Several boxes can be stacked on top of each other with the help of trays, which can also be used as covers or serving trays, or to hold assorted small items around the home. These soft storage boxes made of nonwoven polyester are available in four different sizes and in light gray and anthracite gray.

6. World of plants for a healthy climate
   Plants improve the indoor climate and thus our working environment. With USM’s worlds of plants, lively evergreen landscapes can now be easily integrated into the structure of USM Haller.

6 World of plants for a healthy climate
