The USM world

- 68 Core values
- 70 Product information
- 82 Colors & surfaces

The nature of work has undergone major changes over the last few years. Those changes are reflected in office environments. New ways of living and collaborating have especially affected the way workplaces are designed and furnished.

The traditional individual workstation has become one of many. The contemporary office world is open: modifiable arrangements are more and more essential for meeting today's requirements of constant communication, well-being and flexibility in thinking, acting and collaborating.

These times perfectly suit USM. Modularity, versatility and quality have always been associated with USM: our wide range of modular elements, of adaptable office furniture, helps you design a workspace that conforms exactly to your coworkers' individual needs and the overall demands of your company – creating a setting where you, your employees and teams feel comfortable and empowered to tap their full creative potential.

Colla- boratio

“Collaboration, both face-to-face and virtual, is required more than ever before. Collaboration is critical to innovation (many minds working toward creative solutions), efficiency (enhanced decision-making) and quality (more knowledge-sharing, leading to better results).”

Anika Ellison Savage, “Workplace Strategy: What It Is and Why You Should Care,”
in: Journal of Corporate Real Estate, Vol. 7.

Collaboration

Plug and play
Via small cable ports
in each table, your
laptops, smartphones
and other tools easily
connect to electrical
and communication
networks. Just plug in
and keep working.

Team spirit

- 1.0 Get together at one large desk: USM Haller Plus ten foot long desks in golden yellow powder-coated MDF create a colorful and inspiring shared workstation in the modern co-working space – including adaptation points for various smart accessories such as lamps, USBs, and flat screen support bars.

Superdesk

- 2.0 Work methods vary, teams change size and composition. Your office layout adapts to your evolving needs and projects. USM Haller desks come in brown oiled-oak veneer and in various other colors, sizes, shapes and materials. Adding our pedestals maximizes space and agility.

Dividing space, connecting people

- 3.0 USM Haller combines various functions in one piece of furniture. Providing storage space and dividing rooms, it also works perfectly as a standing counter for ad-hoc team meetings – inspiration and variation unlimited. And it's all in gentian blue, bringing a welcome dash of color to your workspace.

Collaboration

Shared workstations

Collaboration

Agility, collaboration

- 4.0 Five height-adjustable USM Kitos M Plus desks in light mid-gray laminate build one agile workstation – enabling a quick change from one desk to another, sharing work on a common project.

 Sound absorption and privacy
Ensure privacy and optimize acoustics in the shared workstation: USM Privacy Panels offer a modular solution that can be quickly positioned and removed according to situational needs.

The new adjustable flat screen support bar; move forward or backward – two notches at a time to adjust the viewing distance.

Hot desking

- 5.0 Modern shared workspace: six height-adjustable Kitos M Plus desks in warm dark gray laminate make six workstations. Several workers use one workstation on a rotating schedule – each with their own pure orange caddy holding their personal work material.

Collaboration

Meeting

Collaboration

Classic conference

6.0 Meeting at the highest level of style: the ten foot long USM Haller table in white oiled-oak veneer creates an impressive figure in a simple environment – elegant, timeless, representative.

Sound absorption
Perforated metal panels with a fleece-covered interior: acoustic USM Haller elements significantly reduce background noise, thus improving the overall work environment.

Sophisticated storage

7.0 A vast amount of storage space: the classic USM Haller sideboard in matte silver is extremely useful and adds a sophisticated air to any meeting environment.

Dynamic meeting

- 8.0 A lot of space at a comfortable height: the USM Kitos M Meeting desk is made for ad-hoc stand-up meetings of up to eight people – Intuitively height adjusted in a moment.

Conventional meeting

- 9.0 Create your versatile, flexible meeting room: all elements are quickly rearranged according to particular needs and conditions. Six USM Haller rectangular tables in mauve linoleum, a USM Haller serving cart and sideboard, both in graphite black, make the ideal layout for successful presentations, offering a clear view for everyone and enough space for technical equipment.

Social

“A meaningful life means feeling connected to other people. Social connections at work are sustaining, and feeling useful to others is a powerful way to generate positive emotions.”

Beatriz Arantes et al., “Six Dimensions of Wellbeing in the Workplace,”
in: 360° Magazine, Issue 8.

Social

Welcome

Social

First impressions count

10.0 With its simple yet elegant face, the USM Haller reception in pure white, with a metal angled shelf displaying brochures and magazines, is a friendly and respectable greeting to visitors and business partners. Plus, it offers plenty of well-hidden storage space. The pure white powder-coated MDF USM Haller desk is a perfect, practical solution.

A warm welcome

11.0 The freestanding USM Haller highboard in pure orange marks a friendly spot in any office environment. At peak multifunctionality, it can be used as a greeting area, an information point or a docking station – placed and moved to wherever it fits.

Take a seat

- 12.0 The USM Haller reception unit is a visual cue to welcome visitors and to indicate where they should be in the building. It can be provided with guest seating, which is convenient if the reception area is also used for discussions or structured meetings.

-  Colorful islands
USM Privacy Panels are available in a wide range of different colors. Adapt them to your needs and taste, easily remove and reassemble them as you like.

Waiting in style

-  13.0 With USM Privacy Panels, one quickly creates a private space within an open-plan reception. Add a comfortable sofa and a pure orange USM side table to set up an ideal waiting area, comfort zone or place of retreat.

Social

Getting together

Social

Added storage value
Metal extension doors:
easy to open, conceal-
ing private storage.

Office forum

14.0 The ruby red USM Haller bench provides a lot of storage. But it offers much more. With it, you can create your own office forum, a spot where you can take a break or conduct an informal meeting, with built-in storage for whatever the team needs at the ready.

Building blocks

15.0 Store, meet, chat, work, print, think: a multi-functional office unit in pure orange. Add elements when your team is growing; modify the setup when it's time for a change. The possibilities are endless, limited only by your own imagination.

Get together

16.0 It's all about the perfect composition: the pure white multifunctional USM Haller units and the multicolored USM Privacy Panels – combine functions, colors, sizes and shapes into whatever communal area you want and need.

Social

Lounge

Social

Added storage value
Magnetic metal book-ends make a perfect match for a USM Haller bookshelf. Discover the full range of smart accessories on page 71.

A space to share

17.0 Create your own stylish island: take a beige USM Haller bookshelf with angled shelves as a magazine display and add a number of USM Haller side tables (for instance; beige, brown and pure white) in a playful yet elegant combination. Your perfect place to relax with colleagues.

Bookends
Another elegant solution for your bookcase. Discover the full range of smart accessories on page 71.

Open library

18.0 This is much more than an ordinary bookshelf: the brown USM Haller bookshelf is accessible from either side, it works as a semi-transparent room divider while providing space for a lot of books, of course. Additional functionality is provided by the brown side storage and the height-adjustable USM Kitos E freestanding round table in natural oiled-oak veneer.

Private areas

 19.0 Bring coziness to your office to make you and your colleagues feel at home: USM Privacy Panels provide seclusion, USM Haller coffee tables in colorfully back-lacquered clear glass add a living-room touch and the pure white storage is an elegant extra.

Social

Cafeteria

Social

Snack bar

20.0 The green USM Haller unit is accessible from both sides. It is storage space and counter at once – and as such, the perfect office kitchen solution. More drawers, doors, dividing shelves and smart accessories can be added at any time.

Coffee time

21.0 A friendly place where colleagues gather for a quick lunch or coffee break: the light gray USM Haller counter with glass showcase – for small dishes, cakes or desserts – makes a great coffee bar in any work environment. Take a break!

Height adjustment
Energy-saving, continuously height-adjustable, both in standing and in sitting positions.

Lunch break

22.0 Enjoy your meal at the office in a colorful, relaxing atmosphere – while sitting or standing. The freestanding height-adjustable square and round USM KITOS E tables are made of powder-coated MDF – and available in many different colors.

Social

Relax

Social

Multitasking

23.0 A multimedia library for the modern-day office becomes a social area to meet for a break or an informal meeting. And nothing is wanting: storage room, books and magazines, entertainment and communication devices are all on a USM Haller light gray and graphite black shelf with a wide variety of drawers, as well as drop-down and flip-up doors.

Classy comfort

24.0 Take a break in style: with its elegant design, the beige USM Haller sideboard with glass displays combines perfectly with sophisticated furniture and accessories. Enjoy your time with timeless design!

Versatility
Spherical connectors,
tubes and panels –
it's child's play to com-
bine these elements
to build the furniture
of your choice. You can
do it online too, with the
aid of the Configurator!
www.usm.com.

Game arena

25.0 Feel free to lay back and relax for a while – even at work. The modern workplace offers room to unwind, socialize and play games. And it doesn't take much to create it. Arrange some small green USM Haller storage units and side tables in a free-spirited way.

Focus

“For quick transitions from one mode of working (collaborative) to another (heads-down), ‘thinking spaces’ are needed for periods of concentration. A corporate facility must provide the right mix of these spaces”

Anika Elison Savage, “Workplace Strategy: What It Is and Why You Should Care,”
in: Journal of Corporate Real Estate, Vol. 7.

Focus

Creative zone

Thinking space

- 26.0 A place to retreat in the open-plan office: blue USM Privacy Panels protect you from the outside world and absorb background noise. The pure white USM Haller storage unit is also equipped with acoustic elements – creating the ideal conditions for focused work and creative meetings.

Sound absorption
Perforated metal panels with a fleece-covered interior: acoustic USM Haller elements significantly reduce background noise, improving the overall work environment.

- Free structures
The single USM Privacy Panels are also linked to one another by a specific detail in their geometry allowing them to behave as one single surface.

Creative village

- 27.0 The ways of creating, combining and using focus workstations are countless. USM Privacy Panels offer a modular and flexible way to create breakout areas within a room to enable different work modes in a small space. Add a touch of color where appropriate.

Each area can be customized by size, height, shape and color to serve specific functions and needs. Within a village of workstations, you can tastefully embed meeting zones, relaxation areas, technical zones and storage areas. Plus, everything can be reconfigured at any time!

Focus

Creative space

Focus

Thinking space

- 28.0 Create a focus zone with yellow USM Privacy Panels. Take a pastel gray laminate USM Haller desk, add a graphite black mobile caddy, and you get the perfect individual workspace – a place to retreat artfully separated from the neighboring workstation.

Secluded space

- 29.0 USM Privacy Panels help create compact, protected workspaces – varying in size, shape and color, quickly set up and rearranged. Pearl gray laminated USM Haller Advanced desks and ruby red mobile caddies.

Added value
Slide open the USM Haller Advanced table surface to conceal your cables and network access equipment.

- Bicolor
USM Privacy Panels now offer you more freedom of choice: thanks to the modular production process, the front side of each panel can now be given a different color than the back.

Focus

Multiple workstations

Focus

Colorful storage

30.0 Golden yellow storage units complement a row of double and single workstations – adding a splash of color to any subdued office environment.

Easy organization
USM Inos box sets
with five or ten drawers
facilitate your organiza-
tion and help you keep
papers in order.
Discover the full range
of functional accesso-
ries on page 71.

Functional alignment

31.0 Your timeless office layout with style and class and a pleasant dash of color, thanks to the ruby red USM Haller storage units. Dividing the room in a practical way, they are accessible from both sides, optimizing space and function.

Strong connection

32.0 The gentian blue USM Haller storage and organizational unit is the connecting element between two single workstations with electric height-adjustable USM Kitos E tables. The clever bit about it: the unit is accessible from both sides, serving both employees perfectly.

Focus

Individual workstations

Focus

Classic beauty

33.0 A classic double workstation of timeless elegance: black oak veneer USM Kitos M Plus desks with graphite black storage units also serve as room dividers. Simple perfection in timeless beauty.

Team players

34.0 USM Kitos desks in ash linoleum combined with gray Privacy Panels make a modern, flexible office for four colleagues – working individually and in a group whenever necessary. The yellow USM Privacy Panels build a printing station accessible to all team members.

Additional platform
Not only do drop-down doors beautifully hide the items behind them, they also provide easy access – most importantly, you can use them as a work surface that holds up to 25 lbs.

Breathing space

- 35.0 A double workstation for a well-attuned duo equipped with all the necessary high-quality furniture: USM Privacy Panels in anthracite serve as room dividers, USM Haller tables with steel-blue back-lacquered glass provide extra-spacious work surfaces and steel-blue shelving offers storage.

Focus

Focus

Shared storage

36.0 We call it a z-configuration. It connects two individual workstations to a single unit: two white oiled-oak veneer USM Haller Plus desks with adaptation points and a shared USM Haller storage with drawers accessible from both sides.

Versatility
The two adaptation points in the tabletop permit easy insertion of up to four accessories, thus making it possible to transform the table to meet individual user requirements.

Maximum efficiency

37.0 Four colleagues, little room, full concentration: four pearl gray laminate USM Haller desks, divided by two USM Privacy Panels. Four mid-gray USM Haller storage units with extension doors allow access to the full storage volume.

Space-saving

38.0 Perfection in efficiency: an extremely compact workspace combines USM Kitos M Plus desks in pebble linoleum and small mobile storage units with extra-deep drawers. Three beige storage units complete the setup.

Clean desk
No unsightly cables:
the USM Kitos M Plus
desk is kept clear at all
times. All cables and
network access are un-
der the tabletop – tidy
and easily accessible.

Focus

Executive offices

Focus

Keep it simple

39.0 This is what your timelessly elegant manager's office could look like: steel-blue back-lacquered etched-glass USM Haller table with a white pedestal – design icons conveying true leadership.

Be iconic

40.0 Authoritative, minimal, sophisticated: the black linoleum USM Haller table and the sideboard with glass showcases your most treasured objects.

Take a seat

41.0 This is a manager's office that makes you feel welcome. The USM Haller desk is accompanied by a USM Haller square occasional table, both in anthracite powder-coated MDF. The pure white sideboard blends naturally with its surroundings, while the red return unit makes its presence known.

Sit to stand

42.0 The golden yellow shelf marks a colorful accent in this functional yet stylish office. The USM Kitos E Plus desk and USM Kitos E freestanding table, both in charcoal linoleum, are height-adjustable. Sit or stand while working or having a spontaneous meeting.

Focus

Ergonomic offices

Comfort zone

43.0 Relax and work in a comfortable office: the natural oiled oak veneer USM Kitos E meeting desk provides a generous work surface. The steel-blue powder-coated MDF coffee table invites you to read or relax.

Height adjustment
Simply turn the handle
and the USM Haller
desks adjust to you –
from 27" to 34" in
height.

Personalization

44.0 Adjust your desk to a comfortable height: the USM Haller desk in pebble linoleum is equipped with continuous height adjustment from 27" to 34". Slim anthracite shelving provides maximum flexibility; drawers, doors and smart accessories can be added at any time.

Sit to stand

45.0 Meet and chat in an informal, spontaneous way while having a cup of coffee, standing around a natural lacquered beech veneer USM Kitos M meeting desk, which is height-adjustable with zero energy consumption. The elegant pure white USM Haller storage units fit perfectly into the space.

Core values

Plan your
future
don't limit it!

Today's workplace calls for flexible systems that allow people to work in a variety of ways. USM Modular Furniture can be customized to an existing layout and then modified in design and function for years to come. USM Haller is comprised of standardized components that can be used to construct any number of solutions. Allow change and growth within your company!

Swiss precision & quality

Swiss manufacturing is synonymous with precision, quality and dependability. These values are embedded in USM Modular Furniture's DNA. From the choice of first-rate materials to the finest level of craftsmanship, the decisions we make are guided by an unwavering commitment to serve the customer and respect the environment.

Sustainable concepts & actions

Developing solutions that respond to economic needs while remaining environmentally conscious has always been a USM philosophy. Since the beginning, and throughout USM's development, handling energy, emissions, materials and production methods in a responsible manner has been a key issue. In this regard, the longevity of USM products is of utmost importance. The longer the product can be used, the less impact it has on the environment. Using only high-quality, durable materials, manufactured with the latest environmentally friendly technologies, guarantees a long, useful life for our product.

Efficient space management

As space becomes ever more expensive, space planning becomes ever more important. Linking efficiency, growth and innovation, in addition to spatially restructuring company areas, often leads to cost reductions. By reducing 3 percent of the effective usable area, yearly expenses up to six figures can be saved. At the same time, the environmental impact can be significantly reduced.

In addition to smart layouts and high-quality furniture, fiscal responsibility is a key factor in any successful office.

(IAO Fraunhofer Institute)

Worldwide installation & support network

USM provides trained specialists in furniture configuration, delivery and installation to ensure professional customer support. For USM assembly and repair, contact us directly or one of our 400 authorized sales partners in 40 countries, guaranteeing top-quality service around the world. Our modular system embodies dependability, and our customer service guarantees that you will receive quick, personalized answers to your questions.

For customized advice, do not hesitate to visit our showrooms. USM has established a prominent reputation and international presence with flagship stores in Bern, Berlin, Düsseldorf, Hamburg, London, Munich, New York, Paris, Stuttgart und Tokyo offering both cultural spaces and support platforms.

USM Haller

The USM Haller system provides a wide variety of elements in standard sizes. Widths, depths and heights are indicated below. All measurements refer to the distance between axes.

USM Haller E

Application Options

A modular structure of your design, either completely or partially equipped with e-Balls and e-Tubes, is connected to a source of electricity. The structure itself conducts the low voltage electricity to the desired location using the e-Balls, e-Connectors and e-Tubes to form a circuit. USB chargers or light sources can be snapped into place in pre-cut recesses. The power supply is drawn from any point near the ground. The power supply cable is attached to a Haller e-Ball, and the power adapter is subsequently tucked underneath the furniture until only the operating switch remains visible. From this point the power supply requires no further cables but rather is integrated into the structure of the furniture.

- 1 **Glass Panel**
Glass elements can be illuminated throughout.
- 2 **Without Metal Paneling**
Compartments without metal paneling can be completely illuminated.
- 3 **With Metal Paneling**
Compartments with metal paneling can be illuminated from the front.
- 4 **Compartment with an Extension Shelf**
The entire compartment with an extension shelf can be illuminated.
- 5 **Drop-Down and Extension Door**
Via the "Light When Compartment Is Open" function, the light automatically turns on when the door is opened.
- 6 **Angled Shelf**
The presentation space is illuminated from the front.
- 7 **Floor Lighting**
With floor lighting, the light shines at a 25-degree angle under the furniture.
- 8 **Ambient Lighting**
The light is directed vertically towards the back, illuminating the surroundings with a warm glow.
- 9 **e-USB Charger**
It can be integrated in the same places as the e-Lights.

e-Elements

1 e-Lights

Dimmable, available in
– Warm white
– 2700 Kelvin
– Cold white
– 5700 Kelvin
Both with or without the “light at compartment opening” function.

2 e-USB Charger

Provides a voltage of 5 volts to the connected device. (Capacity: 6.5 W)

3 e-Dummy

Sleek, black e-Dummy element close recesses that are still unutilised. If a piece of furniture should later be supplemented with additional light, using e-Tubes (consuming), which are first equipped with e-Dummy elements, is recommended.

4 e-Tube (power outlet)

Tubes with recesses for e-Lights, e-USB chargers or e-Dummy elements that can be easily snapped into place or replaced.

14”D, 1 recess
20”D, 2 recesses
30”D, 3 recesses

5 e-Tube (conductive)

The conductive e-Tube serves to conduct the electricity if no inserts are desired in this location. It is available in lengths of 30”, 20”, 16”, 14”, 10” and 7”.

6 e-Ball, e-Connector

To enable the flow of electricity, the ball and connector were refined. The exterior dimensions remain unchanged. The distinguishing feature of the ball is the black insulation ring.

7 e-Power Supply

Includes dimmer at the operating switch. Transforms the power supply voltage to 24 volts. (Capacity: 60 W)

Engineered & Made in Switzerland.

USM Haller Table

The USM Haller classic and USM Haller Plus Desk can be equipped with an optional cable basket, while the USM Haller Advanced features integrated smart solutions for electrification. All desks can be equipped with grommet hatches for network access.

Accessories
for all USM Haller Desks

- 1 **Grommet hatch for network access**
Flush hinged cover set into the tabletop for easy network access, can be positioned at two different locations.
- 2 **Cable management**
For the Advanced table type, a cable tray integrated under the tabletop offers storage room and attachment options for all cables and technical components. For the traditional USM Haller Table and the USM Haller Plus, a cable basket can be attached.
- 3 **CPU holder**
Computers in various sizes can be mounted using a simple holding device under the table.
- 4 **Link chain**
Holds and directs cables to the power source. Flexible and adjustable to various lengths.
- 5 **Flat screen pivot arm**
Screens are screwed to the height adjustable pivot arm using a mounting plate (VESA standard). Available for USM Haller classic desk: The pivot arm can be mounted onto the table edges with the universal holder or into the table leg using an assembly tube. Available for USM Haller Plus and Advanced: The bracket can be connected directly to one of the adaptation points.
- 6 **Front and side panel**
A black mesh fabric can be attached to the back or the side under the table frame. Available for the following table sizes: 79"W, 69"W, 59"W, 49"W, 39"W, 30"W and depths: 39"D, 30"D.

Cable duct
The classic USM Haller table can be updated with a black aluminum cable duct section, with lids that fold open on both sides, to integrate power strips (5) and cables. This enables the table depths to be expanded to the EU standard of more than 32". Available for the following table sizes: of 79"W, 69"W, 59"W, 49"W, 39"W, 35"W, 30"W.

Options
5a **Mounting at different heights**
is possible for screens weighing up to 26 pounds.

5b **Continuous height adjustment**
for screens weighing up to 26 pounds.

7 **Material tray**
Provides room for writing instruments and can be discreetly stowed under the tabletop.

8 **USM Privacy Panels**
Can be attached to the long side to ensure individuality and privacy for people working at tables configured as a block station. 14"H or 28"H. Available for the following table sizes: 120"W, 98"W, 89"W, 79"W, 69"W, 59"W, 49"W*
*only for Haller tables without Adaptation points

Accessories
for USM Haller Desk Plus/ Advanced

- 9 **Flat screen support bar**
The bracket is inserted into the adaptation points. Up to two screens (max. 2 x 26 pounds) can be attached using a mounting plate (VESA standard). Screens can be mounted at different heights; screens can be adjusted with ball joints.
 - 10 **USB adapter**
The adapter is suitable for USB 2.0 and 3.0 ports; it can easily be inserted into the adaptation point. Usable as power supply or for data transfer.
 - 11 **Lamp peg**
An optional lamp peg for easy attachment of traditional table lamps. Electrification is possible through the adaptation point.
- Options
- 9a **Flat screen support bar fix**
 - 9b **Flat screen support bar adjustable**
Move forwards or backwards 2 notches at a time to adjust the viewing distance.

USM Kitos M and E Desk

Each desk (except free-standing) of the USM Kitos M and E family offers integrated smart solutions for electrification.

Why USM Kitos M ?

The "M" in its name stands for mechanical spring-loaded height adjustment; adjustment time approx. 1 sec. with zero energy consumption. This system is more than 10 times faster than the electronic equivalent and has an extremely long operating life.

Why USM Kitos E ?

Maximum functionality and captivating design – USM Kitos E unites all requirements in one modern workplace: continuous height adjustability and maximum stability. A distinction is made between fixed and motor-driven legs in the E1, E2 and E3 models.

E1

29"H
With or without middle traverse

E2 with 1 motor

99"W/40"D
89"W/40"D

USM Kitos E Meeting

99"W/50"D
99"W/40"D
89"W/40"D
Available with E1, E2 or E3 columns

Side table

USM Kitos E Free-standing

29"H or 28"–43"H
Square
30"W/30"D or 35"W/35"D
Round
Ø: 35" or 43"

The table can also be provided with an asymmetrical version of the middle traverse, for extra legroom. (This is not possible with the USM Kitos E / M Meeting.)

* Available with or without middle traverse.

** Available in a GS-Mark tested version with 0.12" table edge radius and the asymmetrical middle traverse.

Accessories
for all USM Kitos M and E Desks

- 1 **Grommet hatch for network access**
Flush hinged cover set into the tabletop for easy network access, can be positioned at two different locations.
- 2 **CPU holder**
Computers in various sizes can either be mounted using a simple holding device under the height-adjustable tabletop or attached to the table column.
- 3 **Link chain**
Holds and directs cables to the power source. Flexible and adjustable to various lengths.
- 4 **USM Privacy Panels**
Can be attached to the long side to ensure individuality and privacy for people working at tables configured as a block station. Available for the following table sizes: 99"W, 89"W, 70"W, 69"W, 63"W.

Accessories
for all USM Kitos M and E Desks,
except USM Kitos M Meeting/
E Meeting

- 5 **Flat screen pivot arm**
Screens are screwed to the height adjustable pivot arm using a mounting plate (VESA standard). Available for USM Kitos E/M desk: The pivot arm can be mounted onto the table edges with the universal holder. Available for USM Kitos M and E Plus: The bracket can be connected directly to one of the adaptation points.
- Options
 - 5a **Mounting at different heights**
is possible for screens weighing up to 26 pounds.
 - 5b **Continuous height adjustment**
for screens weighing up to 26 pounds.
- 6 **Front panel**
A black mesh fabric attaches to the front under the tabletop. Available for the following table sizes: 70"W, 69"W, 63"W.
- 7 **Material tray**
Provides room for writing instruments and can be discreetly stowed under the table

Accessories
for USM Kitos M Plus / E Plus

- 8 **Flat screen support bar**
The bracket is inserted into the adaptation points. Up to two screens (max. 2 x 26 pounds) can be attached using a mounting plate (VESA standard). Screens can be mounted at different heights; screens can be adjusted with ball joints.
- Options
 - 8a **Flat screen support bar fix**
 - 8b **Flat screen support bar adjustable**
Move forwards or backwards 2 notches at a time to adjust the viewing distance.
- 9 **USB adapter**
The adapter is suitable for USB 2.0 and 3.0 ports. It can be inserted easily into the adaptation point. Usable as power supply or for data transfer.
- 10 **Lamp peg**
An optional lamp peg for easy attachment of traditional table lamps. Electrification is possible through the adaptation point.

Mounts and pivots out from under the table surface.</p> |

USM Privacy Panels

USM Privacy Panels are a flexible and extendable modular system made up of individual panel units. Each panel unit consists of two layers of molded polyester fabric with a tubular cross-beam. They can be used in a free-standing version or mounted on tables to divide up the work space, ensure privacy and absorb unwanted noise.

Winner of the German Design Award 2017
